PROFESSIONAL SUMMARY

As a Fresh Professional, I offer a dynamic fusion of technical prowess and collaborative finesse, ready to energize any team. With expertise in Java, Python, web development, and database management, I'm poised to redefine the tech landscape. My academic journey is marked by a relentless pursuit of excellence and a fervent commitment to collaboration, honing my skills and spirit. What sets me apart is my innovative problem-solving approach, thriving on challenges and driving impactful results through teamwork. Now, I'm poised for the next career chapter, eager to unleash my skills and passion. Seeking a role where I can make a real impact, I'm ready to drive forward the frontier of technology.

WORK EXPERIENCE

- **Software Developer** - I have developed a comprehensive web application tailored for orphanage, facilitating seamless management of daily tasks dynamically along with a payment gateway for fund raising.
- **UI/UX Design** - Designed Posters, Certificate for Restaurant & College.
- **Tutor/Coaching** - Took Private Tuitions until 12th Class Students who were financially Challenged.
